### THE AIBF

The Afghanistan Institute of Banking and Finance (AIBF) was formally established in November, 2010. The Institute is owned by Da Afghanistan Bank (DAB), the Afghanistan Banks Association (ABA) and the Microfinance Investment Support Facility for Afghanistan (MISFA). Under AIBF's charter, it is dedicated to strengthening the financial sector in Afghanistan and establishing a Centre for excellence for banking and finance.

### Address

House # 68, Masjid-e-  
Hiratee lane 1  
Share Now, Kabul,  
Afghanistan

(PMP®)

Project Management Professional  
Exam Preparation Course

## Background

The PMI's Project Management Professional (PMP®) credential is a globally recognized qualification. It demonstrates that individuals have the experience, education and competency to successfully lead and direct projects. The (PMP®) exam preparation course will enhance participants' knowledge and familiarization of the Project Management best practices as indicated by the PMI. According to the PMI Project Management Salary Survey- Seventh Edition, certification positively impacts project manager salaries and in turn, increases marketability.

## Benefits of attending the (PMP®) preparatory program

- Improves project management skills, builds interpersonal skills and self confidence
- Improves overall project performance and efficiency
- Improves project team management
- Lead and implement complex and challenging projects
- Recognition of your knowledge, skills and abilities worldwide
- Best job opportunities
- Rapid increase in Salary

## Course Earnings (by the end of this program you will earn):

- Full skills of Processes & Knowledge Areas
- 35 Hours of Project Management Education (PDUs)
- Certificate of Attendance/Achievement from AIBF
- Registered Education Provider (REP) and accredited by PMI

## Features of the (PMP®) Preparatory Program

- Highly skilled professional AIBF's Faculty
- Proper follow-up on result delivery
- Small-sized classrooms for direct interaction with participants
- Quality control program implementation
- Maximized value chain of students' learning process
- Rigorous university based program
- Flexible course schedule
- Computerized test bank for participants
- Multi-stage mock exams
- Improved chances of passing the exam
- In-class problem solving and drilling sessions

## Target audience

- Project Managers
- Team Leads
- Project Associates
- Project Assistants/Engineers
- Project Analysts
- Project Coordinators
- Software Developers
- Any individual aspiring to be a project manager

## Our Trainers

Our instructors are not only highly experienced lecturers for degree programs and continuing education programs and courses, they are also project management professionals with experience in the private sector. AIBF has a proven record of accomplishment in delivering project management know-how in degree programs and continuing education. While embracing the fundamental principles of PMI, the instructors are also familiar with the principles of other internationally renowned project management institutions. This enables participants to explore and discuss different project methodologies at an advanced level
