A CLOSER LOOK

The Associate Professional Risk Manager is a PRMIA certificate program intended for staff entering the risk management profession, or those who interface with risk management disciplines on a regular basis, such as auditing, accounting, legal and systems development personnel who want to understand fundamental risk management methods and practices.

If you are able to implement integrated risk management, you owe it to yourself and your organization to pursue the APRM. Earning APRM demonstrates your commitment to professionalism and your career. Preparing for the exam is an educational opportunity in and of itself. Passing it will increase your confidence, serve as an example for current or future staff, and build credibility with internal audit clients.

TRAINING OUTLINE

The multi-part exam covers the full breadth of risk management competencies to reflect a practitioner who is prepared to meet stakeholder demands. Some key areas covered include:

- ◆ Risk Management: A Helicopter view, Typology of Risk exposures
- ◆ Corporate Governance and Risk Management
- ◆ Asset/Liability Management
- ◆ Credit Scoring and Retail Credit Risk Management
- ◆ Commercial Credit Risks and the Rating of Individual Credits
- ◆ Counterparty Credit Risk, Operational and Model Risk
- ◆ Stress testing and Scenario Analysts
- ◆ Risk Capital Attribution

TARGET AUDIENCE
